St Michael's Monday Newsletter February 27th, 2017

Dear Parents,

We are looking forward to another wonderful family turn-out for our Science Fair, tomorrow, Tuesday evening at 7pm. It is a great opportunity for our students to present their science projects to parents and fellow students in the Big Hall -- and a fun opportunity for our K-2 students to display their classroom project and visit the displays of the upper grades.

A special thanks to Mrs. Murphy our science teacher and our judges, Pat Jack, Mike Kuntz and Sharon Herrmann who judged each project display and the student's ability to explain their scientific experiment. In the past years, the judges have been impressed with the students poise and ease in defending their work. I'm sure the judges will find the same experience with the students this year We are asking the students to be here at 6:45pm to set up their display in the Big Hall (Grades 3-8), while grades K-2, will have their displays in the classrooms already prepared. The prizes will be announced at 7:45pm in the Big Hall. This is a great family event! Refreshments provided by the Parents Club Hospitality Committee!

Auction Reminder: Last chance to reserve seats for our annual dinner auction: "St. Michael School Monopoly Auction".

Procurement Call!—there is need for Wine to complete baskets and for the wine toss. If you still need to complete your procurement requirement—here is an easy opportunity.

Peace,

Karen Matthews, principal
